

Comment Form

Give Us Your Input!

Public input from thousands of Californians has already helped shape the CALFED Bay-Delta solution. However, there are many significant issues that still need to be decided. Please fill out this form and tell us what you think is important when developing an equitable, feasible and durable Bay-Delta solution.

Comments:

do not build any more dams, reservoirs or
canals for at least next 10 years
prevent pollution at the source so that water quality
is better for people & fish
restore rivers & bays by guaranteeing more fish
water flows in the rivers
increase investment in water conservation

Use additional sheets if necessary.
